Dear Reader:

Here's what we know about you:

FACT #1 -- You are a stereo enthusiast.

FACT #2 -- You recently purchased a copy of STEREO REVIEW (at full cover-price).

FACT #3 -- You requested additional information concerning products advertised or mentioned in that issue.

Invasion of privacy? Forgive us ... but it's just our way of driving home one additional, important fact: A man with your keen interest in the world of good music should be reading STEREO REVIEW regularly.

The issue you've already read has given you a pretty good idea of why it's the most widely-read publication in the field -- and why you just can't afford to be without its comprehensive and authoritative coverage.

And if you act now, you can have every vital issue of STEREO REVIEW in the year ahead at a special Introductory Rate that's too good to pass up:
